## Experience

**Self Learning**
Mern Stack Developer

Self-taught MERN Stack Developer with a passion for building full-stack web applications and continuously learning modern technologies.

**TechAdvancers**
Mern Stack Developer

**TechAdvancers** reflects my journey as a self-taught MERN Stack Developer, highlighting hands-on learning, open-source contributions, college projects, and certifications from platforms like freeCodeCamp. It showcases my commitment to continuous growth and building real-world web solutions.

## Education

**Nasra College of Arts and Science**                           **2022 to 2025**
Tirurkad, Malappuram, Kerala 679321          Bachelor's in Computer Science
Undergraduate
- https://www.nasracollege.com/

Acquired core knowledge in computer science, including C, DBMS, Java, PHP, and software engineering, while actively participating in industrial visits and tech activities.

## Projects

**Notpad (Open Source)**
Contributor
- Preview

Contributed key features to the Notpad open-source Svelte project, including Full-Screen Mode, an enhanced menubar with Download and Shortcut Display buttons, and a Save & Quit confirmation popup. Prioritized usability and user experience through impactful feature development and effective team collaboration.

**Doctor Appointment Booking Website**
Creator
- Preview

A web app for booking doctor appointments online. Patients can sign up, log in, view doctors, check availability, and manage appointments. Doctors can update their schedules and view bookings. The platform streamlines the appointment process for better healthcare access.
